

Dear leaders,

Hopefully you all got through the pandemic well and we will soon be in better times together.

On the one hand, we would like to provide an update on the possible organization of IYC 2021 (22-23-24 May) and also gauge your opinion on this.

The “current” situation in Belgium certainly does not allow it, but there may be prospects by the end of May, an overview:

- Currently indoor sports are still prohibited and the catering industry is closed, at least until May 1
- There is a general travel ban until 18 April
- There is a curfew from midnight
- At 26th of March it will become clear whether the catering industry can effectively reopen on 1 May and at the same time other things may be allowed, such as indoor sports. It is currently unclear under what conditions this will be
- With the vaccinations it is hoped that by April 25 all people over 65 will have received at least one injection

On this basis, there is therefore a small chance that IYC 2021 can continue, but the entire preparation will have to be done later than normal, even “last minute”: for us as organizer but also for you as participants. Hence attached a short questionnaire which we hope you would be so kind as to return it to us completed **by 26th of March**.

In this way we want to gauge the desire to try to organize an edition 2021 because, as you all know, our tournament is only interesting with a sufficient number of participants.

We thank you in advance for your cooperation and will subsequently issue a report on this other business.

With sporty greetings,
